### Description

The sloped shoulders of the Single Stant Premium Extrusion arch to the mounting surface on both sides, offering a strong presence with a tailored look.

### Features

- Extruded aluminum construction
- Use tape light, lens, and end caps to create a complete fixture (tape light and accessories sold separately)

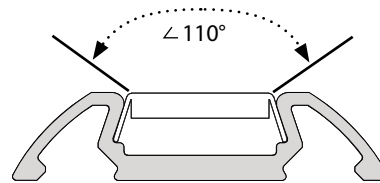

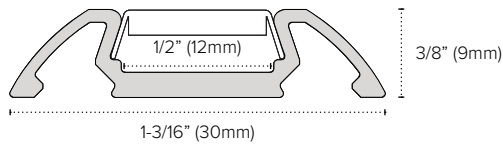

### Mounting

Surface mount via 3M™ adhesive tape, construction adhesive, or slide/clip onto #4 sheet metal screws set 26.5mm apart (screw head 4-5mm Ø); Requires a 1-3/16" width and 1/4" height clearance

### Applications

Accent lighting, display shelving and cases, niche exterior lighting
